PRESIDENT'S MESSAGE

Dear Friends,

It's been another very successful year for our Club! The launch of our Hepatitis B immunization program to cover 20,000 kids in Delhi, the adoption of an MCD Primary Girls School, providing scholarships to children, international partnerships we did all this & much more as highlighted in this annual report.

But, achievement does not require extraordinary ability. Achievement comes from ordinary abilities applied with extraordinary persistence. All of you have demonstrated this once again over the past Rotary year. I take this opportunity to personally thank each & every club member, old & new, for their effort, dedication & support for our projects and for enhancing the goodwill & reputation our Club enjoys worldwide.

Great fellowship was enjoyed by all at our meetings & fundraiser events. The Charity Ball, our annual golf tournament & the musical evening by Azalea Ray were all resoundingly successful events which helped generate a record collection of funds for our projects. My deepest gratitude to our sponsors & donors for their faith and commitment to our projects & goals.

Personally it's been a very rewarding year for Brinda & I and we thank you for giving us this opportunity to serve this great Club & our community.

Our best wishes to incoming President Rtn. Bhupinder Singh Suri & his team for the year ahead!

Thank you once again!

Hardeep Singh

Incoming
PRESIDENT'S MESSAGE

BUILDING COMMUNITIES
BRIDGING CONTINENTS

Dear Friends,

It is my great pleasure and privilege to takeover as President of the Rotary Club of Delhi Garden City, which is considered to be the distinguished amongst all the Rotary institutions of Delhi. I am thankful to all the members having reposed confidence in me and expect from me to achieve outstanding results during the tenure. I assure all my fellow Rotarians that I shall do my best to come up to their expectations by not only accomplishing the ongoing community projects started by my predecessors, but also to start new projects with your esteemed cooperation. Dr. Hardeep Singh and his team have done a commendable job by achieving newer heights of excellent performance by the Club.

Rotary Theme for the year is "Reach Within to Embrace Humanity" i.e. we should come closer to the underprivileged community, to understand their needs and provide solutions to their agonies of life. Our Club is already engaged to provide education and health to the underprivileged children. We shall strive hard to consolidate our efforts to accomplish Rotary objectives. We will continue to serve our existing projects. We will assess their needs from time to time and offer additional assistance and help wherever required.

It gives me immense pleasure to mention that we have helped four students from Don Bosco Ashalayam, a shelter home, get admitted to a four year degree course in Hotel Management and offered them scholarship. Similarly two students from Balgram, an Orphanage at Sonepat are being given scholarship for higher studies, and assured them of our help for suitable placement after completion of their courses. We have plans to increase the number of scholarships to the meritorious deserving students from these projects.

During the year your club has a target to Hepatitis vaccination of over 20,000 children between the age group to 6 to 17 years in the slum bastis , which we hope to complete by December 2011. We wish to extend this program for next few years.Requirement of quality blood is another area which our club wish to focus on this year. It is our endeavor to collect at least 2,000 units of blood or even more to strengthen the hands of Rotary Blood Bank whose slogan is "No One Shall Die for Want of Blood in Delhi". The cost of medical treatment has gone alarmingly high and beyond the reach of underprivileged class. Therefore, this is another area of community service of providing medical aid to the poor and underprivileged class by associating ourselves with such organizations who are engaged in this area of service.

During the year we shall also focus on fund raising to build up a corpus of Rs. One Crore which will help us to accomplish our community service programs.

At the end I seek whole hearted help and support from all my Fellow Rotarians to make a big success for achievement of the aims. Thank you!!

Since the area is quite large, it is being serviced by three clubs jointly RC Delhi Garden City, RC Delhi South East and RC Delhi Chanakyapuri. On the Polio National Immunization Day (NID), members and their spouses visit the area and oversee smooth functioning and timely allocation of medical staff and vaccine to different booths scattered all over the constituency. It is expected that India will be Polio free this year! A great part of that credit goes to Rotary's Polio eradication program.

In 2010-11, our club spent Rs. 41,600 this year as our contribution to pay for the taxies for the Polio NID's. Thanks to all members who came forward to contribute to end this polio menace!
